Q2 Electric

QUADROFOIL

An environmentally friendly electric hydrofoil "sports-car" for the water.

100% electric boat that operates very quietly and doesn't produce waves.

Now you can fly over water for less than €1.00 per hour.

Suitable for lakes, rivers, the sea and the ECO areas.

Very low total cost of ownership [TCO]

Cutting edge design.

Comfortable ride.

QUADROFOIL

TYPES OF ACCESSORIES

AVAILABLE IN OCTOBER 2014.
